ASANKA SOVIS

PERSONAL INFORMATION

Born in Sri Lanka, 12 September 1998

email & social akashsovis@gmail.com · LinkedIn · Github

phone (H) +94 31 22 38 148 · (M) +94 76 875 7898

Goal

Telecommunication Engineering Undergraduate with experience in hardware, electronics, programming & computer science, seeking to improve the skillset by working with a prominent organization as an Electronics Engineering Intern.

WORK EXPERIENCE

2023–present Embedded Engineer - Intern, Atlas Populi —

Colombo

Atlas Populi Working as a trainee embedded engineer to fulfil the requirements for the degree program. The work includes electronic engineering, component manufacture, PCB design, testing & validation, firmware development, etc.

2020–2021 Project Manager, MobForce Agency — New

York

MobForce Agency Managed internal projects, prepared reports, coordinated the design team &

marketing team & handled online meetings. Additionally did market research, built project playbooks, social media handling, and SEO.

EDUCATIONAL QUAIFICATIONS

2019-2023 Sri Lanka Technological Campus, Meepe

BSc (Hons) in Electronics & Telecommunication Eng. School: School of Engineering

Description: Focused on electronics engineering while specializing in telecommunication engineering. The final year project focused on developing an AI-based timetable scheduling system that can optimize resource usage. The system is to be implemented in a computer cluster to increase efficiency.

School Education 2004-2018 Maris Stella College, Negombo

PROFESSIONAL QUALIFICATIONS

2018-2019 ESoft Metro Campus, Negombo

Diploma in Software Engineering Description: Software development life cycle, basic programming languages such as Java, Python & C++ were included in the training. In addition, database development & software testing techniques were included.

OTHER INFORMATION

Organizations

- \cdot An active member of the Students for the Exploration & Development of Space (SEDS) SLTC club of Sri Lanka Technological Campus since 2020.
- \cdot An active member of the Students for the Exploration & Development of Space (SEDS) Sri Lanka since 2020.
- \cdot An active member of the University Student Enterprise (USE) club of Sri Lanka Technological Campus since 2020.

Achievements

- · Completed the Aquinas Diploma in English Language & Literature with Distinction Pass in 2019.
- · Represented the school in the Sri Lanka Robotics Championship (SLRC) organized by the E-Club of the University of Moratuwa in 2016.

Portfolio

- · Maintain active blogs related to programming & electronics on both Blogger & Hashnode since 2021.
- · Created & maintaining an opensource password manager in Python & C#.
- · Final Year Project on Developing an Optimized Timetable Scheduling Algorithm using Machine Learning, Cluster Computing and High-Performance Computing: Project Almanac.
- · Other noteworthy projects including Indoor Positioning System using FPGA, Prometheus: Smart fire alarm system, Metroparking: Smart parking system & Akaradiya: Opensource sinhala dictionary.

Languages

Sinhala · Mothertongue

English · Intermediate (conversationally & literary fluent)

Interests

Guitar · Workout · Swimming · Blogging · Tinkering with Electronics

ADDITIONAL SKILLS

Hard Skills

Electronics, Verilog & HDL, Hardware, Assembly Programming, OOP Programming, Procedural Programming, LATEX

Soft Skills

Attention to Detail, Time Management, Multitasking, Analytical Skills, Teamwork, Creativity, Problem Solving, Working Under Pressure

Programming Skills

Assembly, Python, Java, Javascript, C, C++, Visual C#, Visual Basic, Processing, PHP, Verilog

Extra Skills

Blockchain Technology, Cybersecurity, Agile Development, Git & Github, Linux OS, Networking, Graphic Designing, Documentation Writing
